

1. Let's practice finding the volume of rectangular prisms.
The formula you use to find the volume of a rectangular prism is:

$$\text{Volume} = \text{length} \times \text{width} \times \text{height}$$

2. Volume = **length** x width x height

For the rectangular prism above, **5 cm** is the number you use for the length.

3. Volume = length x **width** x height

4 cm is the number you use for the width.

4. Volume = length x width x **height**

3 cm is the number you use for the height.

5. Volume = 5 cm x 4 cm x 3 cm

You multiply 5 cm x 4 cm x 3 cm. That equals 60. Since you multiplied the cm three times, you write the answer as:

$$\text{Volume} = 60 \text{ cm}^3$$

Now, try to work through the next problems step by step.

1. Let's practice finding the volume of this rectangular prism.

What formula do you use?

- A volume = length x width x height
- B volume = length x width

2. Volume = length x width x height

Which number do you use for the length?

- A 2 cm
- B 5 cm

3. Volume = length x width x height

Which number do you use for width?

- A 2 cm
- B 3 cm

4. Volume = length x width x height

Which number do you use for height?

- A 5 cm
 - B 3 cm
5. Now that you have the numbers plugged into the formula, you are ready to do the math.

Volume = 5 cm x 2 cm x 3 cm

What is the volume of the rectangular prism?

- A 30 cm³
- B 10 cm³

Now, work these practice problems on your own.

1. What is the volume of the rectangular prism?

- A 50 cm³
- B 48 cm³
- C 24 cm³
- D 12 cm³

2. What is the volume of the rectangular prism?

- A 11 cm³
- B 15 cm³
- C 45 cm³
- D 30 cm³

3. What is the volume of this rectangular prism?

- A 9 in.³
- B 20 in.³
- C 24 in.³
- D 12 in.³

4. What is the volume of the rectangular prism?

- A 21 cm³
- B 12 cm³
- C 42 cm³
- D 30 cm³

5. What is the volume of the rectangular prism?

- A 45 cm³
- B 12 cm³
- C 54 cm³
- D 18 cm³

6. What is the volume of the rectangular prism?

- A 20 ft³
- B 30 ft³
- C 40 ft³
- D 11 ft³

7. What is the volume of the rectangular prism?

- A 9 cm³
- B 24 cm³
- C 18 cm³
- D 12 cm³

8. What is the volume of the rectangular prism?

- A 10 cm³
- B 70 cm³
- C 14 cm³
- D 35 cm³

9 What is the volume of the rectangular prism?

- A 27 in.³
- B 36 in.³
- C 11 in.³
- D 18 in.³

10 What is the volume of the rectangular prism?

- A 15 cm³
- B 45 cm³
- C 30 cm³
- D 11 cm³

11. What is the volume of the rectangular prism?

- A 16 cm³
- B 24 cm³
- C 8 cm³
- D 9 cm³

12. What is the volume of the rectangular prism?

- A 15 ft³
- B 32 ft³
- C 96 ft³
- D 55 ft³
